FEDERAL VISITORS ENJOY SIGHTSEEING

AUTOMOBILE TRIPS TO VARIOUS POINTS GREATLY PLEASED CONGRESSIONAL PARTY

The Congressional party spent an enjoyable day yesterday in sightseeing about Honolulu. The visit to the new armory quarters at Kakaiaiki interested the Congressmen generally, especially those who are interested in committees relating to military matters and appropriations, or in the plans for making Honolulu impregnable; and in this last class are included nearly all of the members in the party.

The visit to Kakaiaiki and to the Bishop Museum occupied most of yesterday forenoon. In the afternoon the Pail and the Country Club were the points of interest. The entire party was enthusiastic in the extreme over the panoramic view from the Pail, notwithstanding that the wind was unusually strong through the gap. The party only left this fascinating spot when a shower came up and in order to avoid a wetting they were compelled to hurry back to the Country Club. After being entertained with tea at the Club, the party returned to the city in time to attend the coronation ceremony at the new addition of St. Andrew's Cathedral.

In the evening the party were informally divided as there were informal dances at the Young, Seaside and Hawaiian Hotels, and each one drew a number of the visitors. All appeared to be enjoying themselves. The band played before 9:30 o'clock on the roof garden of the Young Hotel and drew a big crowd.

HIGH SCHOOL LOSES ANOTHER POOR GAME

FAILURE OF THE BOYS TO QUIT FOOLING AND GET INTO THE GAME CAUSE OF BAD RECORD.

The High School base ball team lost again as usual in its game yesterday afternoon with the Punahou second team by a score of 14 to 12. The Highs have won but one game this season, and that from the Kamehamehas, so the result was not in the nature of a great surprise to anyone. The game was full of errors although it was somewhat better played than some former ones. Critics of the Highs say that the boys are grand grand players, with nothing to back it up. They also have the reprehensible habit of always being behind time. There is no good reason for all this as the material in the team is said to be good, but they should quit fooling and get into the game.

The line-up and summary of the game follows: Punahou—Mon Yin, 1st; Sing (Hong), 2nd; Lidgate, 3rd; Che Hul, 4th; Dodge, 5th; Yap, 6th; Davis, 7th; Lucas, 8th; Frazier, 9th. Highs—Davis, 1st; H. Chillingworth, 2nd; Akana, 3rd; White, 4th; Achieu, 5th; R. Chillingworth, 6th; Williams, 7th; Gilliland, 8th; Pail, 9th.

High School.....0 0 3 1 2 0 0 4 2—12
Punahou.....1 2 0 0 7 3 0 9—34
Home run, H. Chillingworth, C. Lucas.

Struck out: By Davis, 3; Achieu, 1. Bases on balls: Off Davis, 3; off Achieu, 2.

JUDGE DOLÉ MAKES POLITE SUGGESTIONS

TELLS MEMBERS OF THE BAR THAT HE DESIRES MORE COURTEOUS METHOD OF PROCEDURE

U. S. Judge Dole made the following suggestions to the Bar recently upon the opening of the Federal petit jury:

"When counsel is examining a witness it sometimes becomes necessary for opposite counsel to interrupt the examination on one ground or another. When this is the case objection should be made to the court or, if circumstances appear to justify a direct interference, permission to interrupt should be courteously requested of the counsel who is conducting the examination.

"A similar necessity occasionally arises in the course of an argument, and in such case the interference is more usually directed to the counsel who has the floor, which is generally proper, but a courteous request for permission to interrupt should always first be made; if this is refused there is no relief unless the situation is such that the court may properly interfere. I should be glad to see the polite consideration with which similar interruptions are made in legislative bodies, become the practice here."

"BAD NIGGER" CONVICTED.

E. Parker, the bad nigger who threatened to "shoot up" some white men in Kakaiaiki some time ago, was convicted yesterday. The jury returned a verdict of guilty and Judge De Bolt sentenced him to imprisonment for 30 days.

ALL WOMEN SUFFER

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularity or suppression causing backache, nervousness, irritability, and sleeplessness. Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

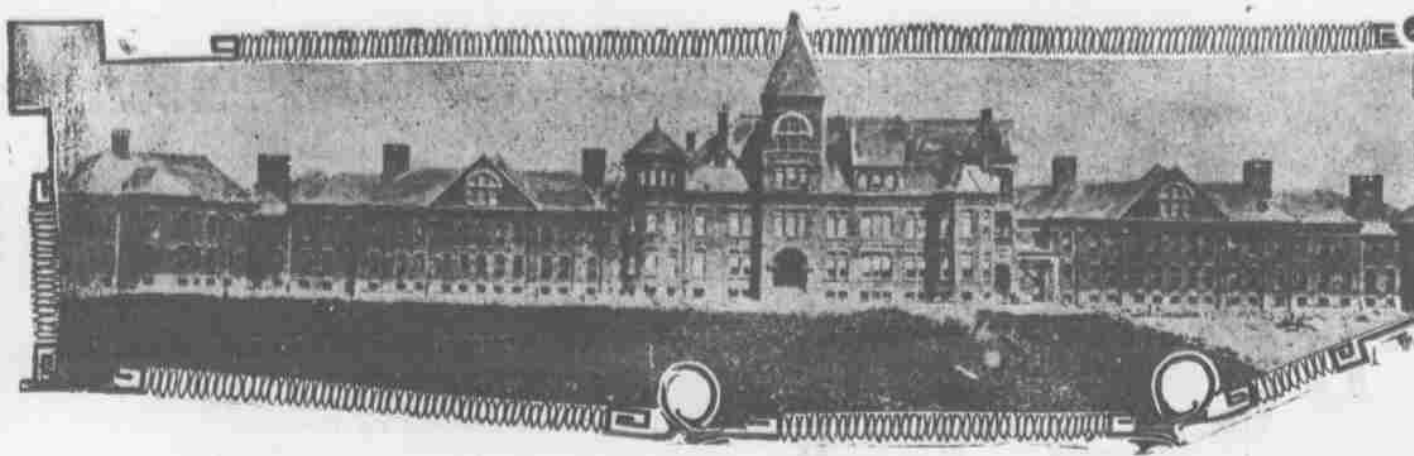

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child-birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—"I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them."

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

WILL BANQUET CONGRESSMEN

MERCHANTS' ASSOCIATION TO CO-OPERATE WITH CHAMBER OF COMMERCE IN THE AFFAIR.

A director's meeting of the Merchants' Association was held in the rooms of the Association in the Young Building. The matter of the banquet of the Congressional visitors was discussed. F. W. Macfarlane was appointed to represent the Association to act with L. Tenney Peck of the Chamber of Commerce, relative to the preliminary arrangements.

The necessity for the construction of a telephone to Makapuu Point, for the benefit of Capt. Otwell during the construction of the new lighthouse at that

point was considered. It was decided to recommend to the Mutual Telephone Company that a telephone be installed at that place after a line will have been established.

There was a general discussion of the condition of the city and it was the general consensus of opinion that there should be a more civic pride displayed, especially during the visit of the Congressional party. Yards and other premises ought to be kept clean and neat. The necessity for getting rid of the dirt and filth is becoming more apparent as the hot season approaches.

Carter is to first confer with Prof. Hildgard about the matter.

In the meanwhile the Board will look for a suitable site for the school. A large tract of government land adjoining the U. S. Experimental Station in Makiki valley may be selected.
